Smart Fit
Cushion

- Soft cushioning with dynamic support for all-day comfort
- Targeted pressure relief with adaptive foam
- Shock-absorbing heel pad reduces impact and fatigue

Cushion is a ready to wear insole designed to deliver maximum comfort for walking, standing, and active daily use.

The insoles feature top to bottom cushioning for a soft step in feel, while the dynamic and flexible arch support follows natural foot motion without feeling stiff or controlling.

Enhanced heel cushioning improves comfort and shock absorption at heel strike, making Cushion ideal for sensitive feet or anyone prioritising all day comfort.
